BECOME PART OF A SPACE TO BE PROUD OF

We all hold something dear to us in our hearts. Perhaps a person we want beside us at all times, a scent that reminds us of someone, that favourite food you never tire of eating and the place to which you long to return. If we are what we love, let's love what makes us what we are.

There's a place we can call our own, a place called home. Near or far, you imagine your future there. A place where light trickles into every corner, where the sound of water soothes your mind. Yours is the grass, the moon and the silhouette of the mountains. Yours is the laughter and the wind, warm embraces and strong morning coffee. Our people are the ones who give meaning to life, the ones who accept us just the way we are, without changing a thing, and who aren't afraid to be themselves with us.

This is your place, the place to which you long to return, time and again, where life is sweeter, the place you call home, where you can be yourself.

WHERE EVERY CORNER IS FLOODED WITH LIGHT

If there's one place where the sun shines all year round, it's the region of Murcia. With its warm climate and the calm mediterranean lapping the coastline, every day a clean, clear blue sky brightens the landscape and the lives of the people who live here.

OPEN TO NATURE AND LIGHT

Mediterranean architecture is outward looking, facing the landscape and the sun. Sunlight means life, lighting meeting places and retreats, giving us dawns and peaceful evenings.

THE NEAREST RESORT TO MURCIA

Altaona was chosen for its perfect location just over 10 minutes from the centre of the charming city of Murcia a welcoming city, with ample space for strolling the sunny streets. A city that lives outdoors, on the many terraces in its streets and squares.

DISCOVER YOUR SURROUND- INGS

Altaona Golf and Country Village stands at the foot of the natural park of sierra de carrascoy and valley, which flank the city of Murcia and act as a green lung. A mountain range criss-crossed by paths among pine trees, ideal for long walks or mountain bike rides. Among its treasures is the Fuensanta sanctuary, with views over the city and the site of a famous annual pilgrimage.

EVERYTHING WITHIN REACH

THE SEA, MEDITERRANEAN LIGHT

Just over 15 minutes away, the calm waters of the Mar Menor bathe the beaches of a large, unique sea lagoon, ideal for water sports and family bathing.

On the other side of the land barrier that separates it from the sea is the Mediterranean, with the long beaches of La Manga del Mar Menor.

There are two marinas just 25 minutes away: Lo Pagán, the port of the Mar Menor, for smooth, sheltered sailing and San Pedro del Pinatar, which is close to the natural area of Las Salinas and ideal for sailing along the Mediterranean beaches.

QUALITY EDUCATION AT YOUR FINGERTIPS

Nearby there are two British schools, Kings College and El Limonar, where Spanish and European students complete their early stages of education. Two private universities, the University of Murcia and UCAM, are also among the city's educational options.

12 MINUTES FROM THE MOST WELCOMING CAPITAL

The Golden Ages of Murcia were the Baroque and Contemporary periods when the rich built palaces and churches with marvellous altarpieces.

The façade of the cathedral dates to the same period and is one of the most important of the Spanish Baroque period. Nowadays it is a bustling city, full of services and life. It is also very easy to reach thanks to an extensive network of motorways that connect it to the different towns and villages of the region and its neighbouring provinces. There are several hospitals, both private and public, providing an excellent healthcare network.

CARTAGENA, ROMAN CAPITAL

Half an hour's drive away is Cartagena, with modernist buildings on avenues that lead to the port and skirt the Roman theatre. A city of contrasts, set on a bay that forms a natural harbour, and surrounded by natural spots like Calblanque to the east and Cape Tiñoso to the west. The city is a port of call for cruise liners whose passengers come to discover the region and enjoy the culture, gastronomy and festivals of international interest for tourism.

INTERNATIONAL AIRPORT

The international airport is only 10 minutes away, and couldn't be more convenient for those visiting Altaona from faraway places.

An aerial photograph of a coastal environment. On the left, a sandy beach curves along the shore, bordered by rocky cliffs and sparse vegetation. The water is a vibrant turquoise color, transitioning to a deeper blue further out. A small boat is visible on the beach. The text "STUNNING ENVIRONMENT" is overlaid in white, sans-serif capital letters on the right side of the image.

WE BELONG TO ENJOYMENT

We belong to the place where we can wave our worries goodbye and focus our energy on enjoying a new challenge with every new round.

Creating something from nothing, starting with a blank page, is extremely difficult. The lines you draw plot a path to a concept that must keep its essence during the project. The balance between aesthetics and functionality must never be blurred when creating perfect living spaces.

In Altaona, the houses take their air from the surrounding landscape, become one with nature through their terraces and large glass panes. Water and light, essential elements of life, flow through these homes, and their inhabitants are always at one with them.
