Build: 108m²

In the center of Cartagena, Calle Capitanes Ripoll, nº 8, is a fourth floor, 5 min. walk from the Port and a few steps from the train station. Very bright and spacious. New double glazed windows mosquito nets, perhaps it needs a bit of renovation to update it, but it is an extraordinary apartment, either for a permanent residence or as an investment for rent as a tourist apartment, given the proximity to the port and all services. Views of green areas. EXTRAORDINARY OPPORTUNITY.
